U.S. DISTRICT COURT
W. DISTRICT OF N.C.

Dear Honorable Judge Reddinger,

I'm writing this letter in:

Addendum to my previous letter
Asking for counsel to be appointed.
- IN my initial filing I ASKED for
my motion to be sealed.

I Hope THAT covers the following
letters + motions?

OR Am I required to put in
every correspondence "TO be filed
under seal"?

I Obviously Dont want that to
be public, AS I HAVE suffered
physical HARM multiple times over
The past Decade.

The Seconde reason I Am writing
before you Ruled is:

Thier was Another Death Here AT
F.C.I. Williamsburg (Third in 2-weeks)
A And The region locked this
Facility Down completely. Whier I
was A Emergency worker with some
Access, But impossible to mount A
Adequate Defense in response to
The governments response.

I Am NOW locked Down 24/7, For
The foreseeable future.

pg 2.

I won't repeat the contents of my previous letter, because NO-one TRUSTS even the guards here. They are bringing in The F.B.I., And Region To investigate. Then SHAKE DOWN The Facility.

While this would be grounds to continue on my part, I would still face the challenges of attempting to research and file a Adequate motion, while hiding from the inmate population.

Not to mention that I feel completely inadequate to file this myself. And while it may seem melodramatic to say the odds are life and death, they very well could be.

Because if my situation is labeled Extraordinary + compelling - I would be AT-OR-NEAR immediate release - compared to twelve more years of "Hiding for my life" - Because I don't fight! AS well AS The Dangers of COVID-19 - monkey pox, and every other disease that is impossible to combat in a prison setting.

Pg 3.

So in The case of Justice, As well AS FAIRNESS, PLEASE Appoint me Counsel?

BECAUSE my situation, AS well AS me individually - Are Beyond what I know How to Articulate TO The Court. - Even my Thought process is completely Different, I HAD exhausted every Appeal of A 324 month Sentence. And learned The Hard lessons + Truths of That, And Found god - AS well AS purpose - AFTER THAT.

I Will Be A Benefit TO Society, Never Use drugs, never commit A crime, And Am willing TO Add community Service "keeping youth off drugs" Thru Sports + Testimony For The next 10 years of probation - THAT I HAVE AFTER my Sentence! However THAT could be phrased? I Agree to it, BECAUSE I WANT THAT, AND NO PARTS of A CRIMINAL life. I pray you will Appoint me counsel. I Am

Sincerely: Michael James Taylor
